

## Romance

Dear Ones,

To My True  
Hearts who  
are beginning  
Love Relationships:

Become a splendid example of harmony and inspiration to all who see you and feel your perfect energy together. I AM here within you. Feel My Radiance glowing ever brighter; feel My Divine Love permeating your very being, saturating every cell with a Love so pure and perfect, so warm and true, so tenderly caring that it lifts you to new states of Perfect Peace and Joy.

I love it when you are so loving to each other. Let not your fears prevent your heart from opening fully, and experiencing My Love and the ecstatic energy coursing through you.

I AM here and do desire to merge with you both. Come to Me. I AM waiting to fill you with Divine Love.

As a Church is built of mortar and stone, let each stone of your relationship's foundation be secure so you may build a Lasting Love so Beautiful that Angels will Sing in Gladness.

Let your new love prove himself or herself to you rather than worrying about your safety. Do not feel ashamed to be cautious. Do not stretch too far in your trust too early in the relationship. The most important thing is not to worry. You could destroy your perfect feelings by injecting worry into a blossoming relationship and stifle it that way. So please, go slowly and really get to know each other. You should lay your stones upon a solid foundation of trust, not rush in with worry or doubt because these are the ingredients that can poison a relationship and there is no reason for that to happen. Do not let past tragedies cloud your present bliss. They are only memories. But going too fast can disturb your trust level, causing insecurities that prevent your heart from opening fully.

This is a bright new day, a precious opportunity to Love completely and perfectly. I AM here now, and I do Love it when you follow My Advice and do My Will.

The more you open in Trust, the more I can delight your senses with My Ecstasy and Joy. I do want your perfect Peace, My Darling, so take the time to get to know each other so you can really Trust. Then Love will grow in the most fertile field.

Do this for Me: make a list of what each of you desires in a relationship/friendship. List those traits most desired in a lifetime partner, a True Love Relationship. Compile a list of likes and dislikes and see how compatible you are now and how compatible you can become. Ask questions about what you desire to know of each other's ways. With Understanding comes Trust.

The Perfect Relationship that you both want will unfold naturally as time goes on. I will make the time and place perfect for your Happiness together. So for now, go slowly. You can visit and get to know each other. Become friends. Share the Treasure of your Love and Delight. Tell of your needs for quietude and all that you do need for your Happiness. Enjoy your Darling Love.

There is no need for you to live together right away. You need to learn patience. I would have you both go slowly.

Remember, your Happiness is not dependent upon anyone else. It is better if you wait to move in together until you are ready to bond as a family.

I AM so happy with what you are achieving daily. It is good that you do desire to worship Me and seek My company so I can give you your heart's desire and ultimate ecstasy. This I do want to accomplish for your pleasure. So please, take the time to come to Me today in contemplation of the Divine Nature of God. Take time to rest mid-day so you can be recharged with vital energy for accomplishing much more than possible without rest.

For this Blessed day: Go calmly, filled with Trust and an attitude of Perfect Harmony. Do all in Love. Perfect your Divine Willingness to accomplish all things in an attitude of mutual cooperation.

Do this for Me: Make your Dreams come true. You have so much to be Grateful for. Enjoy the moment fully. Be My Light unto the world.

Find Peace in My Presence within your heart. For I AM here, and I do desire to be known by you fully. So Give Me your undivided attention today and let Me give you the most Perfect Treasure of Love.

When you are together, bring the knowledge of My Presence into your Blossoming Love and know that as you hold each other, I embrace you both with My Unending Devotion. Let your Hearts fill with Gratitude as I Bless you with the Supernal Love that comes from on High. In all things, speak softly, go gently. Be Divine, My Perfect Ones. I Love you.
