

Sexual Intimacy

Dear One,

delight in giving you, and all the animals, supreme sense pleasures. Do not feel guilty about the Life Energy coursing through you, seeking expression. Sex is not bad; it is a natural expression of Life when charged with sufficient Love. This Vital Energy is one of My most pleasing aspects.

That mankind became ashamed of this expression of pleasure is unfortunate. The birds feel no guilt or shame. They revel in the Love that lifts their spirits and makes them soar and sing. Cannot humans, with more intelligence, feel more?

When you are truly in love, and not simply in lust, you may feel My Divine Love together. Intimate feelings are what I always wanted you to feel: Your body saturated with Peace and Love, your blood coursing with Divine Energy, your heart thrilled with My Special Dispensations.

Feel me stirring your Soul as your body vibrates with energy. Feel My Love multiply within you. I AM Love! Know Me fully. There is a Bountiful Treasure of Delight I wish to share with you. If I give you such exhilarating euphoria, be Happy, not guilty.

There is naught you do that I do not know about, feel, experience, and enjoy. I AM here in you and I do Love the Heartfelt Sharing of your Love and expressions of Joy. I Love to be here with you, feeling your Ecstasy and Pleasure.

Delight each other with your presence. As the longing grows, so does the capacity for fulfillment. These feelings you now have, I shall multiply for you. Let Me take you to the Highest States of Supreme Ecstasy. This I do for you because I Love you so very much. My Treasure, there is a wealth of sense pleasure, little known or experienced, which I can give to those who Love Me with a heart full of Love Divine.

Let the ecstasy
of Divine
Love be our
perfecting
essence.

There is no
other God
besides Me.
I AM Love
Supreme. I
do give My
Love freely to
you, and it is
wonderful
you do not
have guilt for
feeling so good.
It is My
Pleasure to
thrill your
senses with
Love and
D i v i n e
Energy.
