

Be an Earth Angel and join God's A-Team of Volunteers who create Heaven on Earth.

You can participate in Paradise reconstruction and in the enlightenment of humanity. If you have time, a talent, or resources you would like to contribute, please let us know how you can help.

Projects are currently underway for:

Publishing God's ongoing transcripts. Calling all Angels to help finance the publishing of God's Words in order to make mass distribution and donations of books, audio tapes, and CD-ROMs possible.

Angel Art representing all nationalities sought to decorate God's Words.

Linguists sought to help translate God's Words into every language.

Centers are required worldwide to organize God's A-Team for the global reconstruction of Paradise. God's Children of all faiths are welcome. Perhaps your church, mosque, synagogue, temple, club, or organization would like to join this multi-denominational movement to create Heaven on Earth.

TV and radio shows and advertisements can spread the good word. Publicity in magazines, newspapers, and on the internet is essential.

www.IAMLOVE.TV - God's TV ministry convenes in cyberspace. Please join us and share your practical ideas for creating Heaven on Earth, for you and those around you.

One tree can make a difference for 200 years. Earth Angels like you can start fruit or nut trees that will help end world hunger. To find out about these projects and more log on to:
